**\$32.00 PER HR.**

## Upgrade Your Work Skills With Free Training Programs

**WE FIGHT FOR YOUR  
PAY RAISE EVERY YEAR**

**Working For Everyone**

## Expand your skills for free

This is something that non-union cannot offer you, we invest the money and the instructors to help our workers deliver “Excellence At Work”

## IMPROVE YOUR JOB SKILLS EARN MORE MONEY

IBEW Local 353 has invested millions of dollars in building state-of-the-art training centres in Toronto, Mississauga, Barrie, and Oshawa.

Our members have access to free courses that will grow their skills and improve their range of experience and train them in emerging technologies.

Advances in technology are occurring in many areas, such as solar photovoltaic, LED lighting, electric vehicles and new tools are being used every day. The electrical industry is ever-changing and IBEW Local 353 is committed to continually developing the programs that keep our members on the leading edge of technology. As our membership grows so shall we, as it remains our mission to ensure we provide the highest level of education possible.

Education has come a long way. We currently offer more than forty courses per semester – from A.C. motor control to fibre optics to PLC to welding – with over 1,000 members participating annually.
